Qile Team

skilled

20+ production experience

Our workers are farmers from nearby areas. They started working in the factory when it was founded. Most of them have more than 5 years of working experience. In addition, we have 10 masters with more than 30 years of working experience.

professional

10+ Designers

We have experienced designers. You pay \$100 and we will start designing your product. When you place an order, the \$100 prepaid design fee will be deducted from your balance as \$200, so you can cooperate with QILE without any worries.

fast

8x40' container

We have large production capacity to ensure your products are delivered on time. Our workers are all local villagers trained by ourselves. The stable staff also ensures the stability of our product quality, allowing you to purchase high-quality products from Qile.

QILE FACTORY HISTORY

Our 20+years

Starting from a small workshop of merely 80m², we have traversed a remarkable journey of 20 years. Guided by our unwavering belief in being responsible to our customers, we have blossomed and evolved.

Today, we have grown into an industry leader, boasting two large inflatable parks and a grand exhibition hall. These achievements are a testament to our persistent efforts and the trust our customers have placed in us.

As we look ahead, we are filled with confidence and enthusiasm. We believe that together with you, we can create an even brighter future and write a new chapter of success.

2025
Expand the production capacity, old sewing workshop was upgraded and built a new heat-sealing workshop to expand the production capacity of water games

2024
With gradual expansion of our business, we added a second factory area in 2024, and add 12,000m² workshop

2019
recruited and trained 160 skilled workers in The surrounding area ,we provide Stable High quality products

2017
Qile factory moved from Guangzhou to Henan Province, Self-built inflatable industrial park

2014
Be highly recognized by customers

2010
factory grew with 1500m² workshop

2005
Established in Panyu, Guangzhou, started with 80m² workshop
